Freshwater Wetlands

Program Description	DEP Contact Name	DEP Contact Phone
Land Use	Technical Support Center	(609) 777 - 0454
The Freshwater Wetlands Protection Act seeks to protect freshwater wetlands. State open waters (waters of the United States which are not wetlands) and upland areas up to 150 feet from wetlands serve as buffers from random, unnecessary or undesirable alteration or disturbance.

Final Decision awaiting from:

The information above was found at the following basic link:

http://datamine2.state.nj.us/DEP_OPRA/OpraMain/get_long_report?

BOTTOM LINE: NJNG has not yet complied with (fixed the deficiencies found in) the NJ DEP environmental / land use requirements in its application. Nor has the State of NJ stated the permit review status in the required 90 day allotted time.

Click on this link (→) http://datamine2.state.nj.us/dep/DEP_OPRA/PPPR.html for terms used in this tabulation.
